We've had a past. We don't live in the past. We have a future, completely secure in Christ. We don't live in the future.

It's normal for everyone to think about the past, polishing childhood memories or remembering snapshots from high school and college. It's normal to think about the future and plan for the future, with faith in the guiding and gracious hand of our dear Lord.

Luther Prep has a long history—157 years! God has stamped his grace on this synod school—students, faculty, and staff—for almost 60,000 days.

We think about the past. Four years ago the Lord of the Church blessed Luther Prep with an even higher than normal ministry minded class. More graduates enrolled in the pastor track at Martin Luther College than ever before in our 157 year history. Last May, 47 men graduated from the pastor track at MLC. 27 of those 47 men, prepared to continue their ministry preparation at Wisconsin Lutheran Seminary, were Luther Prep graduates.

We think about the future. A team from Generis, a Christian-based consulting firm, is currently leading Luther Prep through a financial feasibility study for a new Music Center.

For the past 50 years Luther Prep has used the original 110 year old gymnasium for its music program. What was functional in the past, is not true today.

Gym space in Prep's only gymnasium also does not meet the needs of all the levels of our athletic teams and our robust intramural programs. Much more can and will be said.

If... when... should... a new Music Center be constructed to house all of Prep's music and fine arts programs, then the 110 year old gymnasium—current Music Auditorium—would be repurposed back to a second gymnasium. Two birds. One stone.

Yesterday and today Luther Prep's purpose and mission have remained constant. Lord willing, that will remain so for many more years to come.

We can never peer into the temporal future. We humbly ask the Lord of the Church to bless this bold initiative. We desire nothing more than thousands upon thousands of future Luther Prep students continue to proclaim the grace of God in Christ throughout the world for the decades and centuries to come, all for his glory and the salvation of souls.

PREP STUDENTS

FROM THE Fox River Valley

Pictured above are students from the various congregations representing the Northern WI District currently attending Luther Prep.

The 2022-2023 school year LPS will be entering the Metro Classic Conference in football only. In all other sports LPS will be entering the Midwest Classic Conference for the 2023-2024 school year. 2022-2023 will be the last year in the Capitol Conference.

There are many reasons for making these conference changes. The main reason is that we will be playing in conferences closer to where a majority of our LPS families and congregations are located.

"Project Timothy Tampa, FL..... With the help of so many, we were able to share the message of Jesus with many young VBS students throughout the week as well as their families. It was seriously a joy watching the kids sing praises to God as loud as they can! Praying that God continues to richly bless Northdale and the unique gospel ministry going on in your community!" - Chaperone, LPS Tutor Yaffet Gabayehu
