

“You hear about things in Africa that [WELS Christian Aid and Relief is] doing for communities that really need, but that community then is also hearing the gospel from those people who are there to help them. And that’s something that can be carried on after we’re in heaven. The support that we can give through a charitable gift annuity will help provide that.”

—**ARNIE NOMMENSEN**

For WELS members Arnie and Carol Nommensen, charitable gift annuities are the ideal way for them to support the ministries they love.

The Nommensens appreciate not only the income tax deduction of their charitable gift annuity, but also the retirement income it provides for their lifetime. They also know that when they are called home, the remainder in their charitable gift annuity will support the work of WELS Christian Aid and Relief. Their legacy of faith will continue.

We all understand the “why” of giving—to show our love—but sometimes we aren’t as familiar with the “how,” especially when it comes to supporting the ministries we care about.

NEW FOR 2023:

- **Payout rates for charitable gift annuities have increased!** This is great news for donors who set up a new charitable gift annuity to support your ministry.
- **The new Secure Act 2.0** allows those age 70.5 and older to now fund a charitable gift annuity with their qualified charitable distribution (up to \$50,000). Your donors may want to take advantage of this new tax-wise way to support your ministry.
